Short Steps support service.

Short steps provides support for people recovering from serious mental illness, who are interested in education or work related activity.

As an Employer or Education provider Short Steps will provide you with:

- On-going support via a Regional Employment Officer
- Work based training on mental health issues in the workplace.
- Guidance and advice on how you can support your staff, minimize turnover and reduce sickness absence
- A link between the employer and employee.
- A link between learning provider & student
- A free and personalized service.

Short Steps Regional Employment officers can be contacted at:
